What's New for 2017: Three Ways to Maximize Your Rollins Benefits

1. Get a Free Preventive Exam and Earn Money from Rollins

Be sure to get your free preventive wellness exam (annual physical) over the next 12 months! You can earn your 2018 Rollins HSA contribution starting **now, through September 30, 2017**. Once you complete your exam, you will be able to verify that you qualify for the Company contribution by checking your medical carrier's Explanation of Benefits (EOB) after the claim is processed. You can also call Health Advocate at 1-866-695-8622 if you need help to access and review your EOB.

2. Take Advantage of Our New Employee Assistance Program (EAP) – at No Cost to You

You and your family members will receive up to four free, confidential sessions per challenge or concern from an EAP Works licensed professional. In addition, you will receive referrals for additional help and access to resources when you need them most. EAP Works will also work with your medical carrier to ensure you have access to in-network providers. You'll learn more about the new program after the first of the year.

3. Enroll in the Mercer Marketplace 365 HUB

Rollins wants you to feel supported when it comes to managing your benefits and health care dollars throughout the year. That's why we are pleased to offer a new service that will allow you to:

Compare prices

The **Health Cost Estimator+** tool will allow you to compare prices of health care services (for example, CAT Scans, MRIs, surgeries, etc.) so you can make smarter decisions about your care.

Compare quality

A **user-friendly physician search and scheduling tool** will ensure better outcomes by matching you to the right doctor.

Get expert medical opinions

By connecting to **world-class global specialists** to get the clarity, assurance, and direction you need to address your unique health situation.

Does this sound like a service for you? It should! No one is an expert at understanding benefits, so why not get the help you need from the experts? Consider enrolling for this benefit, especially if you have a chronic condition, are scheduled to have a surgery next year, or just want to improve how you spend your health care dollars.

You will be offered the 365 HUB during the enrollment process if you enroll in a Rollins medical plan. See page 8 for the monthly cost.

Health Savings Account (HSA) and Flexible Spending Accounts (FSAs): Discovery Benefits

IMPORTANT! You **MUST** actively select your HSA or FSA contribution amount during enrollment. Your current election will not roll over per IRS guidelines.

If you do not enroll in the FSA during Open Enrollment, you will not be able to participate in 2017 unless you experience a qualified life event.

HSA

The HSA is a tax-advantaged savings account you can use to help cover the costs of your health care. You may be eligible to open and contribute money pre-tax to an HSA if you enroll in the \$2,850, \$4,500, or \$6,550 Deductible Plans. Plus, for 2017, Rollins will contribute \$200 to the HSA just for enrolling! For 2018, Rollins will contribute \$250 if you receive a free preventive exam between October 1, 2016, and September 30, 2017.

You can contribute to the HSA through payroll deductions, up to the IRS annual limit. You can change your contribution amount at any time during the year. For 2017 the limits are:

- ▶ \$3,400 for employee-only coverage; \$6,750 for family coverage, which includes the \$200 Rollins contribution.
- ▶ You can contribute an additional \$1,000 if you are age 55 or older in 2017.

Enrolled in an HSA today? Your HSA balance (as of December 31, 2016) will roll over to the new plan year. You can continue to watch your HSA grow over time or use it when you need to pay for eligible health care expenses. You will need to make your 2017 HSA election during Open Enrollment in order to contribute. But you have the flexibility to change your HSA contribution (increase, decrease, or drop to \$0) anytime during the year.

FSAs

You can choose to contribute to two FSAs pre-tax, via payroll deductions:

- ▶ **Health Care FSA:** For eligible health care expenses for you and your eligible dependents if you enroll in the \$800 or \$1,500 Deductible Plans, or if you do not elect to participate in a Rollins medical plan in 2017.
- ▶ **Dependent Care FSA:** For eligible child care expenses for dependents up to age 13 – like day care and before- and after-school care – or for dependents of any age incapable of self-care.

	HEALTH CARE FSA	DEPENDENT CARE FSA
Annual contribution limit	You can contribute up to \$2,550. The entire amount is immediately available for your use at the start of the plan year.	You can contribute up to \$5,000 (\$2,500 if married and filing separately). You can access funds up to the available balance once services are rendered.
Payment method(s)	Use the convenient debit card to pay for eligible expenses, or file a claim online to get reimbursed.	You can withdraw funds available, as of the day you submit the claim. You must submit a claim online to get reimbursed.
Use it or lose it	You have until December 31, 2017, to incur eligible expenses, but you have until March 15, 2018, to submit requests for reimbursements. Money left in your account after March 15, 2018, will be forfeited per IRS rules.	
Contribution restrictions	You cannot change your contribution amount during the year, unless you experience a qualified life event.
